Paper Publications and Presentations(Only 500 Words):

I had taken a presentation on "An Autonomous Under Water Spy Vehicle", which is my project on last year during engineering. The presentation consists about the overall working of the spy vehicle and how it is connected with the computer programming. I had explained about the SONAR technologies used in the vehicle and how the data collected in SONAR method is processed with the help of a programming language. Overall the presentation was good and completed smoothly. I also got a chance to take a seminar on the impact of cloud computing in every fields during my last year in college. I had described about the competition between tech giants in cloud area. I had also shared informations on basic services on AWS during that day.

Significant Achievements in the career which may support your candidature:

Since I have secured distinction in my engineering, I had received Cheifminister Prathiba Scholarship Award in 2024. From my childhood onwards iam very interested in Maths. I had secured excellent mark in Maths during 12th CBSE board examination, for that I had received prize from CBSE. During my college days also I followed that momentum in mathematics.

Associations and Affiliation with Professional Bodies:

I had completed Bachelor of Technology in ECE from APJ Abdul Kalam Technological University Kerala.

Permanent Address

Viswavilasom, police quarters road, Nemom p.o, Trivandrum, Kerala., Trivandrum, Kerala-695020
